SUMMARY

Highly motivated Full-Stack Web Developer, adept at problem solving with a quick wit. Effective at narrowing down issues to determine root causes and application of corrective solutions. Attentive listener with ability to provide articulate explanations. Exhibits attention to detail in all aspects, regardless of how complex the situation. Team player with capacity to collaborate efficiently. Always looking to improve knowledge and skills.

TECHNICAL SKILLS

JavaScript, HTML5, CSS3, React.js, React-Router, Node.js, SQL, Sequelize, MongoDB, Mongoose, Express, jQuery, AJAX, Handlebars, Bootstrap, Firebase, GraphQL, Apollo Client, ORM, C#, C++, Swift, Bash, and Git.

EXPERIENCE

Lighting Controls Specialist   2015 – 2018
Performance Lighting Systems   Irvine, CA
- Oversaw and carried out lighting controls programming on many large scale projects for high end clients such as Google, Sony, SnapChat, and Facebook using various systems including nLight, LC&D, and Fresco.
- Met with contractors prior to installation to provide information on proper methods and documentation practices.
- Worked with contractors and IT staff onsite during installation to provide troubleshooting techniques and ensure system stability and functionality.
- Provided clients with onsite post sales support to adjust, customize, and troubleshoot lighting system programming.

Technical Analyst   2014 – 2015
OpenText   Tucson, AZ
- Provided professional technical support for the enterprise FoIP software RightFax via RDP and Voice Calls.
- Worked with various telephony systems, SQL databases, and 3rd party software that integrated with RightFax.
- Recorded extensive notes on all troubleshooting steps and wrote articles to document findings for future use.

Sales Specialist   2013 – 2014
Office Max   Tucson, AZ
- Specialized in customer service and sales, provided key information about products and available protection plans.
- In-house tech expert, diagnosed issues and fixed customers computers on a daily basis.
- Key carrier, primarily closing manager. Responsible for counting cash drawers, bank deposit, closing store, etc.
